

Good health and well-being

Yarmouk University (YU) works to meet all the requirements needed to support and preserve the health of its students and employees. This has been achieved by establishing a comprehensive health center inside the university campus that includes an emergency clinic, a laboratory for medical analysis, a dental clinic, general medicine clinics, a maternity and childhood center, and a pharmacy, which receives students and workers. Furthermore, the university has made many agreements with a wide medical network composed of public and private health institutions, to provide medical services for students and employees at all times.

The university also contains specialized health offices to offer mental and psychological support for both students and employees. The university established the faculties of medicine, pharmacy, and recently the faculty of nursing. Finally, it is noteworthy that the university allocates its budget of more than four million dinars for this purpose (good health and well-being).

3.2 Number of students graduated from health care professionals

3.2.1 The total number of graduate students of Yarmouk University for the academic year 2022 was (7409) .

3.2.2 The number of graduate students from the faculty of health care professionals was (443) , which represents (13.59 %) of the total number of graduates.

The number of students with low income who are enrolled in the faculty of health care professionals and receive financial help is 189 (they represent 42.66% of the faculty students). The following table shows the number of graduates from the faculty of health care professionals:

Specialization	Total student number	Number of students receiving financial help
Medicine	162	82
Pharmacy	281	107

3.3 Cooperation and Health Services

The university has many agreements with all governmental health institutions, and most private health institutions in Jordan. Furthermore, it also participates with regional bodies, and local community bodies that deal with health. In addition to holding conferences and awareness and guidance workshops for its students, employees, and the local community.

3.3.1 Does your university have current collaboration with local, national, or global health institutions to improve health and well-being outcomes?

The following table represents the medical network the university has agreements with for the purposes of treating its students and employees, in addition to the hospitals of the Ministry of Health in all regions of Jordan

Medical Network		
https://hr.yu.edu.jo/mednet/		
Type of health institution	Number from the private sector	Notes
Hospital	24	In addition to the hospitals of the Ministry of Health and Royal Medical Services
Drug store	123	In addition to the pharmacies at the Ministry of Health and Royal Medical Services
Medical Laboratory	17	In addition to the laboratories at the Ministry of Health and Royal Medical Services
Radiology Center	3	In addition to the centers at the Ministry of Health and Royal Medical Services
Private Doctors	309	In addition to the centers at the Ministry of Health and Royal Medical Services

- The following table represents a list of meetings and cooperation agreements between the university and different local and international health institutions that were made in 2022:

3.2.5 Does your university as a student and staff body provide access to mental health support?

Yarmouk University was keen to establish the Department of Psychological and Social Counselling to provide continuous attention and support for students and employees to solve their related various psychological, social, family and professional problems through scientific methods based on theories, studies, and research, which are experimentally proven. From a psychological point of view, there are many problems that people may be exposed to, such as anxiety, depression, obsessive-compulsive disorder, and post-traumatic stress disorder.

<http://dsa.yu.edu.jo/index.php/admissionar/2023-02-19-08-50-02>

The University made an agreement with a medical network specialized in mental health:

The screenshot shows a web page titled "الشبكة الطبية" (Medical Network) with a table of specialists. The table has columns for "رقم هاتف" (Phone Number), "العنوان" (Address), "المدينة / المحافظة" (City / Governorate), "التخصص" (Specialization), "الجهة" (Institution), "الاسم" (Name), and "التسلسل" (Sequence). The table lists four specialists in Amman, Jordan, all specializing in "التفسيه" (Psychology).
